

To Whom It May Concern,

I am currently seeking a full time elementary teaching position in a general education or special education capacity. With experience working in both general education and inclusion classrooms, I have a diverse background with much to offer.

I have student teaching experiences on the first grade and preschool level, as well as having the experience of observing and teaching individual lessons in five different school districts ranging from preschool to sixth grade with both urban and suburban environments.

These experiences have given me the opportunity to:

- Create unit plans specifically targeted towards diverse learning styles
- Utilize differentiated instruction
- Observe and take part in classroom management styles, procedures, and norms
- Create and implement assessments
- Observe and work in inclusion environments
- Utilize technology in collaboration with the curriculum

I would appreciate the opportunity to interview for a teaching position within your school and to speak with you further about the opportunity to utilize my education and skills. Thank you very much for your time and consideration. I look forward to speaking with you.

Regards,

Alexis Hernandez
